

Experience

● IBM - Design Team Lead

Mar. 2018 - Present • Austin, TX

Leads small team of designers on IBM Spectrum Protect Plus in IBM Storage. Includes product strategy, project planning and management, mentoring researchers and designers, and rolling up my sleeves to get into production work too.

● IBM - UX Designer and Researcher

Jan. 2017 - Mar. 2018 • Austin, TX

Plan and execute user research with a collaborative team of developers, designers, and researchers on the IBM Systems Storage team. Work primarily focuses on IBM Spectrum Protect.

Freelance UX Research and Design

Sep. 2015 - Dec. 2016 • Austin, TX

Plan, execute, and present user research, UX design, and user testing. Projects include web apps, native apps, and websites. Includes UX work for the Steno App.

nFusion Group - UX Architect

Dec. 2015 - May 2016 • Austin, TX

Plan, execute, and present user research and UX design for agency clients. Work with developers, designers, and leadership to create and institute company's culture of UX.

Before UX, I worked in a coffee shop by day, academia by night.

Education

General Assembly - UX Design Immersive

Summer 2015 • Austin, TX

New School for Social Research - M.A. Politics

2013 - 2015 • New York City, NY

Focus: politics of culture via methods in sociology, anthropology, and design
